Risk Management Considerations

Potential Entry Strategy

In this scenario, waiting for trend clarity would be prudent. Consider setting alerts at key breakout/breakdown levels.

Potential Position Sizing

Potential approach (for reference):

- If holding: Consider maintaining current position
- If not holding: Wait for better entry opportunity to emerge

Potential Stop Loss

If holding, one might maintain stop at 7-10% below entry or support level

Potential Take Profit Targets

If holding, could consider taking partial profits at resistance levels

Monitoring Checklist

Daily:

- ☐ Check if price breaks key support/resistance levels
- ☐ Monitor volume for unusual activity
- ☐ Watch for news or earnings announcements

Weekly:

- ☐ Review trend direction changes
- ☐ Reassess technical signals
- ☐ Update support/resistance levels

Monthly:

- ☐ Review fundamental changes
 - ☐ Adjust position size based on portfolio allocation
 - ☐ Reassess investment thesis
